Complete Solutions for Hospitality

The Winning Relationship

Diversey
A SOLENIS COMPANY

Winning Relationship

Diversey is part of Solenis, a world-class global specialty services & chemical company.

A global leader in **protecting** and **caring** for people through superior hygiene, infection prevention and cleaning solutions.

Over the course of **100 years**, we have continued to develop and refine our suite of solutions. Combining market leading expertise, patented cleaning solutions, cleaning tools, floor care machines, dosing and dispensing equipment, services, and digital analysis.

Achieve superior cleaning results with our advanced solutions, improving customer reviews and eliminating odor complaints. Benefit from cutting-edge AHP Disinfection technology, and maintain laundry rewash rates below the 3% industry standard. Enhance linen lifespan with PH-based laundry systems and enjoy single-pass cleaning for dishwashing operations. Our comprehensive, one-stop Food Safety program ensures optimal results across the board.

Achieve substantial operational savings through our unique processes, with guaranteed reductions in chemical costs. Experience significant savings on direct chemical purchases, driving down overall expenses and boosting efficiency across your operations.

Experience superior service tailored to your needs, with regular performance reports and proactive contact to ensure seamless operations. Our service never sleeps, powered by QR codes, an app, and Augmented Reality for instant remote guidance. Plus, we provide on-the-job training or e-learning, adapting to every situation for continuous support and excellence.

Drive sustainability with access to the largest global eco-label portfolio. Benefit from compact, concentrated products and plastic-light solutions, while reducing chemical and plastic waste with our J-Fill® Solution. Enhance safety with unique closed loop systems and save water and utilities through our optimized programs for laundry and dishwashing.

Diversey
A SOLENIS COMPANY

Integrated Solutions for Hospitality

Establishing the right systems helps to ensure accurate cost control, increased user safety and improved operational efficiency. High standards of hygiene in rooms, public areas and restaurants are vital to ensure your guests return.

Guest Rooms

How guests experience your rooms has a strong impact on their overall satisfaction with the hotel.

- Achieve consistent, superior cleaning results that are in line with your guests' expectations with the Diversey RoomCare™/MC system and tools
- Increase worker safety with the J-Fill® QuattroSelect® Dispensing system
- Improve guest satisfaction by leveraging our industry expertise and global best practice knowledge

Food & Beverage

Industry-leading innovations help improve your food and beverage operation and deliver a best-in-class experience for your guests.

- Enjoy safety, simplicity and efficiency
- Collaborate with Diversey experts for continuous improvement
- Protect your brand with Diversey's Food Safety consultancy services

Floor Care

From large to small facilities, Diversey partners with you to develop simplified solutions to meet your needs and your guests'.

- Gain fast results with innovative, integrated and efficient systems
- Draw on our more than 100 years of experience in floor and surface care applications and products
- Reduce operational cleaning costs with sustainable cleaning processes

Fabric Care

Fabric care is a critical part of a successful operation where results must be achieved through uncomplicated and environmentally sustainable methods.

- Outperform guest expectations with linen quality
- Extend the lifespan of your linen
- True low temperature laundry solutions
- Reduce operational costs by lowering electricity and water use while improving laundry capacity

Pool & Water

Spa and fitness areas can be some of the most difficult areas to maintain and clean. With Diversey, you can achieve cleaning and hygiene standards that comply with your facility requirements and local legislation. With our integrated solutions, you can rest assured your facilities are maintained to the standards that you and your guests desire.

Housekeeping Advantage

The Challenge

Hospitality customers had an urgent need to ease storage, maximize operational efficiency and reduce number of products in use to avoid difficulty to understand what product to use for what cleaning task.

At the same time, sustainability had moved from a growing trend to an absolute standard in the industry, with more and more environmentally conscious guests.

The Solution

- Reduction and simplification in number of chemicals used
- Simplified integrated cleaning process
- Replacing ready to use products with concentrates
- Creating a fully eco-labeled approach for daily cleaning

The Results

- Super concentrated closed loop
- Color coded system
- Best cost in use
- Less complexity
- Less training needs
- Optimal footprint
- Pet Care Hotel Program

Total Cost:

- 25-35% savings

Complexity

- 4 core products, in 1 solution

Footprint

- >90% GHG emissions reduction

Effective Cleaning and Refreshing of Guest Rooms

The Efficient Housekeeping Program sets new benchmarks of sustainability, delivers high performance and excellent cost in use, increases guest satisfaction with meaningful olfactive solutions, and uses smart methods to maximize efficiency of your cleaning operations and help you turnover rooms safer and faster.

Crew® Restroom Floor & Surface SC Non-Acid Disinfectant Cleaner

Cleans, disinfects and deodorizes in one easy step. Recommended for hard, nonporous, washable surfaces in and out of the restroom. Rinsing is not required for non-food contact surfaces. Green in color with a fresh scent.

Glance® NA Glass & Multi-Surface Cleaner

Is a super concentrated, streak free, non-ammoniated glass cleaner that meets Ecologo® Certified and GREENGUARD standards. Use on most washable surfaces, including chrome, stainless steel, bathroom fixtures and laminate countertops.

Good Sense® HC Liquid Odor Air Freshener

Helps neutralize odors from tobacco, food, mold, mildew, urine and vomit. Effective for use on carpets, hard surfaces and in the air. Available in green apple, fresh and no smoke.

Good Sense® SC Fabric Freshener

Is a patented formula that eliminates malodors by changing malodor compounds and causing them to evaporate. Eliminates malodors caused by tobacco, food, urine and body odors. Yellow in color with a fresh scent.

Crew® Bathroom Cleaner & Scale Remover

Is a mildly-acidic liquid cleaner specifically developed to remove soap scum and hard water deposits from most restroom surfaces. Purple in color with a fresh, clean scent.

Prominence™/MC Heavy Duty Floor Cleaner

Is a highly effective cleaner designed to remove soils and oils without dulling or altering the appearance of the floor. Quickly emulsifies dirt for fast removal.

Solutions Designed for Pet Friendly Housekeeping

With many families hitting the open road on vacations this year, bringing along a 4-legged family member is something that is becoming increasingly common. All guests deserve safe hygienic accommodations that look and smell great, regardless of any furry companions.

Diversey can help raise guest experience levels for all of your guests. Our products will help maximize productivity and cost savings while making sustainability and performance a top priority.

Our approved products help your team perform at their best. Be sure to contact your Diversey representative for additional solutions.

Alpha-HP® Multi-Surface Disinfectant Cleaner (SKU: 5549211)

An all-in-one, multi-surface disinfectant cleaner based on proprietary Accelerated Hydrogen Peroxide® (AHP®) technology, use as a high touch area disinfectant for all pet friendly areas.

PERdiem® General Purpose Cleaner with Hydrogen Peroxide (SKU: 95613252)

Also based on AHP® technology, this heavy-duty cleaner is safe on most surfaces and can be used as a carpet extractor after long-staying pet guest or for deep cleaning.

Stench & Stain Digester (SKU: 904271)

Safe for all carpets, including wool and fifth generation fibers, use as a stain and odor remover when there is pet urine and vomit smells or just to refresh the room after a long staying guest.

Oxivir® - Powered by AHP® Technology

Powered by AHP® Technology – Tough on Pathogens, Not on People

- AHP® is a patented, synergistic blend of commonly used, safe ingredients that when combined with low levels of hydrogen peroxide dramatically increase its germicidal potency and cleaning performance.
- Oxivir® Disinfectant Cleaners provide an alternative to traditional disinfectants by delivering fast acting, broad spectrum disinfection with enhanced cleaning power that is staff and patient friendly while being gentle on most surfaces. The active ingredient, hydrogen peroxide, breaks down into environmentally-friendly water and oxygen just minutes after use.

Now there is an alternative with proven efficacy that is gentle to staff and surfaces

Comprehensive product line meeting all application needs:

- Ready-to-use liquid
- Pre-moistened wipes
- Concentrate

AHP® Patented

What are the key costs associated with laundering linen?

Labor: 50%

- Employees are the highest cost of running a laundry operation. To help retain laundry attendants, train well, offer flexibility and a good work environment.

Equipment: 8%

- Invest in high-quality equipment to help reduce repair costs and extend equipment life.

Linen: 21%

- Adding additional weight to terry towels can noticeably impact the environmental footprint. Heavier towels require more resources to wash and dry, including water, electricity, and gas.

Overhead: 6%

- These expenses can vary from month to month depending on the location.

Utilities: 12%

- Natural gas, water, sewage and electricity are vital resources to be considered in the calculation of total utility costs.

Chemical: 3%

- Implement easy-to-use, effective solutions that address concerns but improve your top and bottom line.

Diversey
A SOLENIS COMPANY

Fabric Care Laundry Portfolio

Diversey laundry program is the ultimate evolution how to manage your laundry operation.

- Reduce your re-wash
- Improves linen life
- Guarantee wash quality
- Control chemical costs
- Reduce utility costs
- Web based reporting and service options

IntelliLinen DF30T

The DF30T is a robust and reliable laundry dispensing system designed to deliver accurate, industry-standard dosing with minimal dependence on technical service. It supports up to five dosing modules connected to five CBW compartments simultaneously, with each module capable of dispensing up to four different products. Operating on an air-operated diaphragmatic pump and equipped with electric solenoid valves on each dosing module, the DF30T ensures precision and efficiency. Its advanced controller and firmware enable trouble-free operation and detailed reporting, while remote connectivity—available via Diversey's 5th Gen Dashboard—allows for easy troubleshooting and support. To ensure a consistent and reliable water supply, the system includes an integrated water booster pump and water tank. Built for easy maintenance, the entire cabinet, including the water tank, is made of durable plastic and designed for convenient access. The DF30T combines smart technology, durable construction, and user-friendly features, making it an ideal choice for demanding commercial laundry environments.

Diversey
A SOLENIS COMPANY

Solutions Designed for Fabric Care

Clax® Build

Clax® Build Non-Phosphated Alkaline Builder is a alkali booster with anti-graying agent that is made for on-premise laundry applications in all water conditions.

Product Code:	Pack Size:
95750839	1 x 5 gallon / 18.9 L
95716454	1 x 15 gallon / 56.8 L

Clax® Hypo Conc

Clax® Hypo Conc Chlorine Stain Remover is specifically formulated for use in commercial, health care and on-premise laundries. The product should be used for white and colorfast colored fabrics.

Product Code:	Pack Size:
95750345	1 x 5 gallon / 18.9 L
95722862	1 x 15 gallon / 56.8 L

Clax® Sonril™/MC Conc

Clax® Sonril™/MC Color Safe Destainer/Neutralizer is specially formulated for use in commercial, healthcare and on-premise laundries. The product can be used for many types of fabric (except nylon) and for best results use at temperatures of 150˚ F and 170˚ F (65–76˚ C). Can be used to neutralize chlorine residue during rinsing.

Product Code:	Pack Size:
95750732	1 x 5 gallon / 18.9 L
95722926	1 x 15 gallon / 56.8 L

Clax® 200 Plus

Clax® 200 Plus is a concentrated, low pH liquid detergent with optical brighteners. Used in conjunction with an alkali, it provides for the effective removal of a wide range of soils on any type of fabric.

Product Code:	Pack Size:
101103933	1 x 5 gallon / 18.9 L
101105732	1 x 15 gallon / 56.8 L

Clax® Deosoft Breeze Conc

Clax® Deosoft Breeze Conc Fabric Softener - Long-Lasting and Odor Counter-Acting is a fabric softening liquid specifically formulated for use in commercial and on-premise laundries. The product is suitable for application on most types of fabric. Contains new patented odor-neutralizing technology and a long-lasting fragrance.

Product Code:	Pack Size:
95934726	1 x 5 gallon / 18.9 L
95916106	1 x 15 gallon / 56.8 L

Clax® Master 100

Clax® Master 100 is a heavy-duty, neutral laundry detergent for use on most linen classifications. Used in conjunction with an alkali, it provides for the effective removal of a wide range of soils on any type of fabric. Formulated without alkyphenol ethoxylates.

Product Code:	Pack Size:
95751508	1 x 5 gallon / 18.9 L
95726898	1 x 15 gallon / 56.8 L

Clax® Super Launch™/MC

Clax® Super Launch™/MC Neutralizer – rust remover is specifically formulated for use in all commercial stainless steel laundries. This product should be applied in the last rinse to neutralize residual alkalinity. For use on all types of fabric.

Product Code:	Pack Size:
93419173	1 x 5 gallon /18.9 L
100853503	1 x 15 gallon / 56.8 L

Clax® Magic White Reclaim

Clax® Magic White Reclaim effectively removes stains, dirt, blood, food soils and grease. Reclaims up to 60 pounds of rejected linen. This proven reclaim process reduces linen replacement costs and improves overall cost-efficiency.

Product Code:	Pack Size:
95955851	12 / 1 lb.

Clax® Magic - solutions for effective and efficient stain removal

Clax® Magic Protein

Ready-to-use stain remover to be used on blood, food, grass and other protein based stains.

Product Code:
100905391

Clax® Magic Multi

Ready-to-use stain remover suitable for a variety of stains such as make-up, ink and grease.

Product Code:
100905393

Clax® Magic Rust

Ready-to-use stain remover with excellent properties to remove rust and iron stains.

Product Code:
100905320

Clax® Magic White

Ready-to-use stain remover ideal for bleachable stains such as coffee, tea, wine and fruit juices.

Product Code:
100905392

Innovative chemistries, advanced monitoring and control systems, and expert support for your kitchen cleaning challenges.

Unique solutions for any food service facility

From small restaurants to large kitchen facilities, we have the right solution to help you achieve the right results consistently, safely and at the right operational cost.
Our solutions help you achieve your sustainability goals.

Reduce

- Inefficiency and operational costs including costs for training
- Risks of non-compliance, staff and food safety incidents
- Disruption, downtime and complexity
- Waste, packaging, CO2, water, energy

Increase

- Operational efficiency and cost control
- Staff and food safety, compliance and reporting
- Quality performance and results consistency
- Sustainability outcomes, performance against goals

Reduce operational costs and achieve sparkling and hygienic results in your warewashing operation.

- Optimal cost–in-use
- Super concentrated products
- Right results first time
- Management data to help decision making, increase hygiene and efficiency

Unique solutions for any size, if warewashing machine

No matter the size of your dishwasher, and its related operation, we have the right solution to help you achieve the right results consistently, safely and at the right operational cost. Our solutions help you achieve your sustainability goals.

The dishwasher is the backbone of your operation. IntelliDish™ provides real- time information about the status of your operation and is proven to turn data into operational insights that reduce costs.

Save up to 50% on water, 25% on energy and 20% on labor!

Lease Dish Machine Program

Diversey end-user lease program provides you with the versatility of leasing dish machines. Program delivers operational savings without upfront investment or ongoing maintenance costs.

Designed for Durability

Purpose-built and designed to process up to 244 racks/hour, our commercial dish machines get the job done.

Safe and Sanitary

Protect people — your customers and theirs — with dishwashing equipment that exceeds sanitation requirements and distributes chemicals safely.

Interchangeable Parts

Creative, consistent engineering puts mix-and-match parts at the forefront — so customers won't have to wait for an oddball part.

Tech and Support Services

Machine breakdown, Need to order a replacement part? Our tech support teams are here to help.

Undercounter Dish Machines

Ideal for compact kitchen and bar spaces, our undercounter high temp dish machines wash dishes at the front-of-house with minimal noise.

Upright Dish Machines

Perfect for limited space, these upright dish machines will fit snug in your dishwashing area and come packed with great features.

Conveyor Dish Machines

Save time and energy with our conveyor dish machines that are equipped with the needed features to operate efficiently.

IntelliCare™ Hand Care Solutions

Protect Every Moment

A complete hand care solution

The IntelliCare™ dispensing system is engineered to address all of your hand care needs with a versatile, modern and durable platform that is compatible with liquid/gel and foam products.

Game-changing innovation in dispenser technology:

- First hybrid dispenser for professional hand care available worldwide, with patented built-in technology that allows for touchless & manual activation, and provides low-content alerts.
- Robust and reliable ABS-plastic, scratch and UV-resistant
- Dose size switch and optional snap-in placard for ultimate versatility

Smart 1.3L packaging that let's you:

- Gain full product visibility at all times with a patented bottle design that collapses from the back
- See the last product doses through the bottle neck reservoir
- Reduce waste with a collapsible bottle that empties fully
- Easily replenish the bottle with an intuitive click mechanism

Professional hand care made easy with a compact range to cover most hand care applications. We achieve that with:

- Simplified product offering that is effective across multiple application areas
- Liquid and foam options available
- Best in class efficacy, trusted and proven formulations
- Maximum user acceptance; fragrances with universal appeal
- Leading mildness and skin compatibility
- Dermatologically tested formulations
- Global color coded products with multilingual indications

Peace of mind with support from the industry experts:

- State-of-the-art on-site support communication and signage
- Partnered with leading organizations to develop and implement campaigns to raise hand hygiene awareness and programs to enhance compliance for you and your staff

A SOLENIS COMPANY

Water Management Solutions

Proactive water treatment not only protects boiler and cooling system assets, but it also ensures the optimal efficiency of these business-critical systems. Untreated or improperly treated water can lead to a host of problems, including increased water usage and energy consumption, higher maintenance costs, legionellosis outbreaks and decreased asset life, all of which can negatively affect your profitability and reputation. If your property is facing similar issues, we can help you address these challenges head on with our proven water management solutions.

Our water management solutions for hotels and resorts include a comprehensive portfolio of water treatment chemistries and digital tools specifically designed to support your operational and sustainability goals.

These solutions include:

- Microbiological control treatments that significantly reduce microbial activity and biofilm growth, ensuring optimal cooling efficiency and reducing health risks
- Corrosion control treatments that prevent corrosion damage, improving system reliability and extending asset life
- Scale control treatments that address the formation of virtually any type of scale, reducing energy and maintenance costs
- Reverse osmosis membrane treatments
- Proprietary monitoring and control systems that provide performance-based control of biofilm, corrosion and scale

Contact us today to learn more about our water management solutions and how they can help you protect and enhance your brand.

A SOLENIS COMPANY

Sustainability Solutions & Strategy

Solenis is a committed and proud member of these sustainability-related organizations

Science Based Targets initiative (SBTi)

An organization that drives ambitious climate action in the private sector by enabling organizations to set science-based emissions reduction targets. The SBTi is a partnership between Carbon Disclosure Project (CDP), the United Nations Global Compact, World Resources Institute (WRI) and the World Wide Fund for Nature (WWF).

International Association for Soaps, Detergents and Maintenance Products (A.I.S.E.) Charter for Sustainable Cleaning

A voluntary industry initiative that supports the whole industry to undertake continual sustainability improvements and encourages consumers to adopt more sustainable ways of doing their washing, cleaning, and household maintenance.

EPA SmartWay

A program that helps companies advance supply chain sustainability by measuring, benchmarking, and improving freight transportation efficiency.

4evergreen

A cross-industry alliance of over 100 members representing the entire lifecycle of fiber-based packaging – from forests to producers, designers, brand owners and recyclers. Together they share expertise to develop tools and guidelines for an even more sustainable sector. The goal is to reach a 90% recycling rate for fiber-based packaging by 2030.

CEO Water Mandate

Within the UNGC, the CEO Water Mandate seeks to mobilize a critical mass of business leaders to address global water challenges through corporate water stewardship in partnership with the United Nations, governments, civil society and other stakeholders.

U.N. Global Compact (UNGC)

A non-binding pact to encourage businesses and firms worldwide to adopt sustainable and socially responsible policies, and to report on their implementation. The world's largest corporate sustainability initiative, the U.N. Global Compact has more than 20,000 participating companies and stakeholders across over 167 countries.

Earning Platinum 3x demonstrates our dedication to continuous progress

In 2024, Solenis received Platinum status from EcoVadis, a leading rating agency in corporate social responsibility and sustainable procurement. Obtaining this rating consistently demonstrates Solenis' continued commitment to further advancing our sustainability goals. We are committed to measuring our Environmental, Social and Governance (ESG) progress through the GRI-based reporting framework.

Sustainability strategy

Environmental

Climate and Energy:
- Net Zero GHG emissions by 2050
- 80% renewable electricity by 2035
- Set SBTi targets by September 2025

Water:
- 10% reduction in process water intensity vs. 2023 by 2035
- CDP Water Leadership status (A) by 2030

Waste:
- 100% of packaging with a materiality circularity index > 0.94 by 2035
- 5% reduction in waste disposal intensity vs. 2023 by 2035

Social Responsibility

Employee Health:
- 100% employee safety, zero injury culture

Solenis Gives:
- Improve the lives of 1M people per year via our Creating Shared Value programs

Employee Development:
- Track progress each year towards closing the global gender pay gap
- 100% of employees spend 5% of working time on learning
- Improve employee engagement score year over year

Governance

Policies:
- 100% of material issues governed by publicly available policies

Certifications:
- All new facilities to be ISO-certified within three years of acquisition

Supplier Engagement:
- 90% of direct suppliers meet sustainability requirements by 2030
- 70% of direct suppliers have a recognized engagement in environmental protection by 2030
- Maintain >7% diverse suppliers in U.S.

Customers

Value Advantage:
- Annual reporting including water saved, energy saved, waste eliminated and GHG emissions avoided for our customers
- >90% of revenue aimed at supporting customers' sustainability target by 2030

Product Stewardship & Carbon Footprint:
- 100% compliance with Solenis' Responsible Chemistry policy
- 75% of product lines with Product Carbon Footprint assessments by 2030

Innovation:
- 90% of innovation projects focused on sustainability by 2030
- 30% of innovation projects aimed at reducing carbon footprint by 2030

Diversey's mission is to protect people through top hygiene, infection prevention, and cleaning solutions. We offer expert training for housekeeping, food & beverage, and laundry teams to ensure optimal guest experiences. Our training is available in- person or digitally via the Typsy and Diversey Express app, with additional support including product info, safety sheets, and marketing literature.

Safety is our top concern at Diversey. We want to make sure that all of our customers and our employees who interact with our products remain safe while successfully meeting each of their individual goals. When we design and develop our products, our goal is to enable our customers to accomplish their environmental, health and safety goals by protecting human health, improving food safety and security, reducing waste, & increasing operational efficiency.

Our Material Safety Data Sheets are divided into 18 sections and provide a comprehensive overview of our products, including, but not limited to, the hazards associated with each product, required personal protective equipment when handling the product, first aid measures if you've been accidentally exposed to the product, as well as disposal considerations.

Service Excellence

Diversey's technical industry experts are not sales professionals; they are salaried employees who are authorized and empowered to provide objective support and guidance.

- Self-service online support that guides you through immediate equipment problem solving. Accessible 24/7
- Preventative maintenance program based on a clearly defined Service Level Agreement to support the size and complexity of each operation

Diversey diagnostic support team with 1000+ years combined experience

National coverage, local service

Team of Service Specialists, Operational Excellence team

25,000+ hours of training annually

ServiceNow

Virtual Support That Gets You Back in Business in Minutes.

TASKI® The ULTIMATE Cleaning Machines™ | nss® Where robust meets reliable | Twister™

TASKI and NSS are a Solenis brand. Together, we offer integrated solutions for all your machine, pad and product needs optimizing operations. Our solutions deliver high productivity, cost savings, and improved quality of clean in the safest, most sustainable way in the market today. With expertise that runs deep, we help you select the best solution for your environment as well as provide comprehensive training and support to achieve your goals and elevate operations.

World-Class Solutions, All Under One Roof

With combined TASKI, NSS and Twister operations based in a 200,000-square-foot North American hub in Toledo, Ohio, we deliver a broader portfolio of machine solutions, a larger sales and service network, and an expanded U.S. footprint — all supported by North American product development. Proven, trusted and innovative solutions come together under one roof to deliver an exceptional customer experience.

Three Leading Brands. One Streamlined Supply Chain

Since 2024, TASKI machines have been proudly crafted in the USA. Production at our North American hub continues to expand, supported by engineering teams focused on innovation and exceptional local support. With NSS and Twister already made in the USA, TASKI rounds out a unified, American production platform that delivers faster lead times, dependable quality, and greater reliability. All three brands ship from our centralized North American location — ensuring quick delivery and uninterrupted operations.

Machines, Parts & Pads – Ready to Ship

At our North American hub, we have a well-equipped parts department, extensive inventory, and a world-class kitting and shipping facility. Backed by an expanded customer service and technical support team, we guarantee prompt assistance through phone, email, and in-person interactions with our expert team, specializing in floor care solutions.

Three top-tier training facilities for continuing education

The TASKI | NSS technical expert teams offer training opportunities at state-of-the-art training schools situated in Toledo, OH, Fort Mill, SC, and Toronto, ONT. With a blend of classroom instruction and hands-on application training, coupled with solution-based innovations, your team will gain a heightened understanding and proficiency in all aspects of machine-related functions, encompassing batteries, operation, and machine maintenance. This comprehensive training helps to ensure your investments achieve maximum asset life.

TASKI The ULTIMATE Cleaning Machines™ | nss Where **robust** meets **reliable**

Floor Care Solutions

Designed with you in mind. TASKI and NSS machine solutions enhance guest experience, minimize environmental impact, and strengthen brand reputation.

Transform cleaning productivity in small spaces and food service areas with mechanized floor cleaning.

Small Auto Scrubbers

TASKI swingo 250B

17.3 in. / 44 cm Compact Auto Scrubber

The TASKI swingo 250B is an excellent replacement for mopping, delivering scrubber drier performance with the convenience, ease, and simplicity of a mop. Use with dual action brushes or pads.

- Reduces cleaning costs up to 70%
- 5 times more soil removed than mopping and 10 times the cleaning pressure for visibly cleaner floors
- Decreases water and chemical use by 80%
- 65% more soiled water recovered than mopping for drier, safer floors

Tank Size: 0.6 gal. / 2.2 L
Productivity: 14,208 ft^2 hr / 1320 m^2 hr
Run Time: 1.3 hours

TASKI swingo 455B

17 in. / 43 cm Walk-behind Auto Scrubber

The TASKI swingo 455B is versatile, compact auto scrubber with an ergonomic handle perfect for a variety of application areas.

- Excellent cleaning performance
- Immediate drying results in reduced slip-fall risk
- Highly maneuverable and ideal for compact spaces
- Robust, durable and engineered to withstand tough cleaning tasks

Tank Size: 5.8 gal. / 22 L
Productivity: 13,855 ft^2 hr / 1290 m^2 hr
Run Time: 1.5 hours

TASKI ULTIMAXX

ULTIMATE FLEXIBILITY • MAXIMUM PRODUCTIVITY

The TASKI ULTIMAXX SD 50 mid-sized auto scrubber meets the highest expectations. With ultra-efficiency, smart technology, and intelligent predictive service solutions, TASKI ULTIMAXX ensures your machine is never out of the game. Advanced technological features include an intuitive, multi-language touch screen interface, for simple but powerful operation and insight.

With an 11.5 gallon / 43 L solution tank and a run time of 3 to 4 hours, the ULTIMAXX 1900 SD allows you to accomplish more cleaning with a more compact machine.

Working widths: 17 in. / 43 cm | 20 in. / 50 cm

Productivity: 20,800 ft² hr / 1935 m² hr
24,219 ft² hr / 2250 m² hr

Flexible modularity for all applications

Unparalleled hygiene and efficiency

Incomparably efficient water & chemical usage

Excellent water pickup with patented squeegee

Predictive and proactive maintenance

Highest air quality via HEPA filtration

Ultimate power, ultra-silent operation

Twister function for chemical-free cleaning

TASKI® ERGODISC FLEXX

Multi-speed, cordless 3-in-1 single disc machine

The ERGODISC FLEXX is ideal for floor and carpet care.

Harnessing the latest digital motor technology, TASKI has cut the constraints holding back the single disc cleaning machine. The ultra compact, low profile means cleaning up to edges and under furniture and fixtures is now achievable.

Powered by a 36V battery with up to a 2-hour run time and super fast charger, infinite autonomy is possible with two batteries. The ERGO-DISC FLEXX could be the only single disc machine you'll ever need.

More functions and multiple tasks in one machine

120 RPM – Heavy duty floor care tasks
150 RPM – Stripping, scrubbing, dry foam carpet care
350 RPM – Spray cleaning and buffing

---

nss® Where **robust** meets **reliable**

Clean anywhere with the cordless NSS dash upright vacuum

Drive Productivity

- 90-minute battery life for extended runtime
- CRI Gold certified performance
- Labor-savings cordless design

Count on Dependability

- Dual motor system extends lifespan
- Powerful airflow tackles embedded dirt
- Tool-free maintenance access

Clean with Flexibility

- Safe, unrestricted movement around people
- Ideal for locations with limited or no outlets
- Low-profile design for under-furniture access

Support a Safer Environment

- Advanced 3-stage filtration system
- No cord related hazards
- Ergonomic user-friendly design

Where **robust** meets **reliable**

Discover the perfect carpet care solution in our lineup of vacuums and carpet extractors

NSS Pacer 30

The Pacer 30 is the smart choice for fast, effective vacuuming of large carpeted areas. It is approximately seven times faster than upright vacuums delivering a quick return on investment.

- The “Quietbox” muffles vacuum noise and filters exhaust air for quiet, clean operation; low 69 db(A) sound level
- Standard and HEPA filter models available
- Ergonomically designed four-position adjustable handle for user comfort and self-propelled brush action to reduce fatigue during use

Working Width: 30 in. / 76 cm
Dust Bag Capacity (Wet/Dry): 12 gal. / 53 L
Certification: CRI certified Bronze

NSS Pacer 12/15 UE

Built to last, this durable vacuum is the single motor choice for choice for professional cleaners. Perform above floor cleaning easily with the built-in 10 ft. / 3 m extension hose. Robust operation with a mechanical clutch protecting the belt from breaking if the brush gets jammed. Secure bag installation with the patented WAVE-LOK® filter bag; HEPA filter is standard.

Working Width: Pacer 12 UE - 12 in. / 30 cm
Pacer 15 UE - 15 in. / 38 cm
Bag Capacity: 1.25 gal. / 5.5 L
Certification: CRI certified Gold

NSS Rally 55/55H

Innovative and maneuverable, the Rally 55 and Rally 55H portable spot extractors are ideal for cleaning up between scheduled carpet cleanings. Available in a cold or hot water model.

- The built-in handle makes these extractors easy to transport to a problem area at short notice

Tank Capacity: 2.9 gal. / 11 L
Cleaning Tool: 4 in. / 10 cm

Carpet Care

TASKI Dry Foam Carpet Cleaning System

The TASKI Dry Foam system uses low-moisture to deliver both excellent interim and near-extraction quality cleaning. Providing unbelievably fast dry times, the system minimizes interruptions to foot traffic.

- 90% downtime reduction and provides for quicker operations and area cleaning turnover
- The system can easily be transformed into a hard floor machine, increasing versatility and productivity
- Complete system represents a 93% water reduction compared to traditional wet extraction methods, and an 86% chemical reduction with the use of TASKI Dry Foam Shampoo & Encapsulation Cleaner
- 36% cleaning productivity improvement, leading to significant cost savings and low total cost of ownership

Tank Capacity: 1.5 gal. / 5.5 L
Working Width: 17 in. / 43 cm or 20 in. / 50 cm

TASKI procarpet 30

TASKI has developed this machine using our expertise in vacuum pick-up and chemical application to design a high performance carpet cleaning with excellent results.

- Flip the switch and change chemicals to move from deep extraction for restorative cleaning to encapsulation for interim cleaning
- Increased versatility and productivity with a large variety of accessories allowing for a range of cleaning tasks
- Perfect balance point allowing fatigue free working for longer working hours

Tank Capacity: 8 gal. / 30 L
Working Width: 15 in. / 38 cm
Certification: CRI certified Platinum

TASKI procarpet 45

TASKI procarpet 45 allows users to select the cleaning application that best fits their needs based on turnaround time and soil levels. The machine can be set up for deep extraction to tackle heavy soils, restorative applications, or interim maintenance.

- Reliability and high performance combined with ease of use helps your team delver excellent results
- Easily extend time between deep cleaning activities keeping carpet looking better longer without extended dry times

Tank Capacity: 12 gal. / 45 L
Working Width: 18 in. / 45 cm
Certification: CRI certified Platinum

TASKI® The ULTIMATE Cleaning Machines™

Modern and robust TASKI sweepers save valuable time and make your life easier!

Designed for cleaning hard floors and carpet. Battery operation and brush assist makes cleaning simple and allow the greatest flexibility when it comes to sweeping.

Sweepers

TASKI balimat 2300

This compact battery sweeper brings a perfect sweeping result on various floor types due to patented Tandem Roller System (TRS). It is flexible use both indoors and out, with increased productivity due to wide working width. The compact size and agile handling allows perfect use in narrow areas.

Working Width: 24 in. / 62 cm
Productivity: 25,000 ft^2 hr / 2300 m^2 hr
Capacity: 10 gal. / 37 L
Run Time: Up to 3 hours

TASKI balimat 3300

This large walk-behind sweeper brings increased productivity due to extra-large hopper and wide working width. It has a patented Tandem Roller System (TRS) which gives you a perfect sweeping result on various floor types. For indoor and outdoor use. Increased productivity due to wide working width.

Working Width: 36 in. / 90 cm
Productivity: 35,000 ft^2 hr / 3300 m^2 hr
Capacity: 16 gal. / 60 L
Run Time: Up to 3 hours

TASKI balimat 6500

This compact ride-on sweeper combined with a wide 36 in. / 90 cm sweeping path delivers excellent performance. Battery operation and brush assist makes cleaning simple and allow the greatest flexibility when it comes to sweeping. Large capacity hopper is easily removed and emptied saving time and increasing efficiency.

Working Width: 36 in. / 90 cm
Productivity: 69,965 ft^2 hr / 6500 m^2 hr
Capacity: 24 gal. / 90 L
Run Time: Up to 3.5 hours

TASKI® The ULTIMATE Cleaning Machines™

Unlock the potential of automated cleaning

Robotic Cleaning Solutions

Ecobot 40 Sweeper Vacuum

Automated vacuuming of carpets and hard floors

Integrating vacuuming, sweeping, and dust-mopping in one unit that delivers up to 12,917 ft^2 / 1200 m^2 per hour of autonomous cleaning for both carpets and hard floors.

Strong performance and powerful suction and filtration, picking up fine dust and debris from hard floors and carpets. HEPA H13 filtration filter is fitted as standard.

Dust Bag Capacity: 3 gal. / 12 L
Working Width: 28 in. / 72 cm

Ecobot 50 Auto Scrubber

Automated hard floor cleaning

Up to 19,375 ft2 / 1800 m2 per hour, scrubbing and drying, for perfect cleaning of hard floors. Dedicated recycling system with four-stage purification system providing clean, reusable water. Reducing waste water and chemical usage significantly lessens environmental impact and extends square foot coverage.

Tank Capacity: 7.9 gal. / 30 L
Working Width: 18.1 in. / 46 cm

Extend your ecobot autonomy even further with advanced workstations and charging stations that empty, recharge and refill automatically.

Looking for a compact autonomous solution that offers the option to scrub and dry, sweep, vacuum and dust mop depending on your needs? The TASKI Phantas is designed for smaller spaces providing the performance you expect from and ULTIMATE cleaning machine.

TASKI Phantas

Automated multi-function cleaning for small spaces

The TASKI Phantas offers versatile functionality, capable of operating as a scrubber drier, vacuum cleaner, or for sweeping and dust mopping. At only 24.4 in./ 62 cm tall, its compact size allows it to clean efficiently under tables and other low-clearance objects.

The TASKI Phantas is designed to excel in areas up to 11,840 ft^2/ 1100 m^2 providing an affordable, autonomous solution and helping business where robotics were previously out of reach achieve elevated cleaning and improved productivity.

Tank Capacity: 2.9 gal. / 11 L
Dust Bag Capacity: 2 gal. / 8 L
Working Width: 13 in. / 33 cm

Twister™

Twister is as easy as 1-2-3.

1. Select the right program based on your floor type.
2. Choose the pad(s) based on the condition of the floor.
3. Follow the program instructions to transform your floor and unlock their brilliance.

When used with a TASKI auto scrubber and the right floor cleaner, Twister delivers stunning, reliable results you can count on.

Twister Delivers What Matters

Cleaning Performance & Floor Appearance

- Unique synergy with TASKI machines and TASKI | Diversey chemicals
- Enhanced appearance with increased gloss and clarity
- Reliable and noticeable results across all floor types

Training & Program Compliance

- Simple, color-coded system improves onboarding and consistency
- Fewer variables mean easier standardization across teams

SKU Consolidation

- Simplified pad purchasing with Twister programs
- 2-in-1 IntelliPad cleans and polishes in one step; can also be used for burnishing
- Easy to follow floor care programs

Productivity, Labor & Cost Savings

- Versatile 2-in-1 IntelliPad reduces time and chemical use
- Cuts labor and cost on periodic maintenance and floor restoration
- Pad longevity reduces frequency of replacement orders and lowers overall spend

Sustainability

- Made from 100% recycled PET fibers and diamond mixture
- Uses less packaging vs conventional pads
- Energy efficiency and reduced water consumption when used with TASKI machines
