

10 Safety Expectations

We, as Solenis employees...

Are accountable for working safely.

Will maintain safety awareness in all our daily activities.

Will take the initiative to talk with others about possible unsafe behaviors and situations, and offer to help them find a safer way to do things.

Will be actively involved in, and contribute to, our group's safety program.

Will report all work-related injuries, illnesses, unsafe conditions and exposures as soon as they are known.

Are encouraged to apply the same workplace principles for safety, health and environment when outside of work.

Will report to work capable of maintaining the focus and attention to work safely.

Will understand the hazards and risks associated with our work and workplace, and follow all applicable procedures and rules.

Will practice appropriate levels of housekeeping.

Will be prepared to effectively respond to environmental, health and safety incidents and emergency situations.
